EURO PRODUCT SPECIFICATIONS

CABINET CONSTRUCTION:

- 5/8" industrial grade particleboard, conforming to ANSI 208.1 and CARB phase 2, faced with resin coated finish foil on exposed and semi exposed surfaces.
- Dowel and glue joinery of cabinet components.
- 1/8" back panel in dado, faced with resin coated finish foil on exposed surface, stapled for squareness and structural rigidity.
- 5/8" hang rails behind back panel to attach cabinets to wall.
- Integral finished ends, faced with resin coated finish foil, matching color of doors.
- Front edge of cabinet with edgeband in door-matching colors.
- 4" toe kick height, 3" deep; decorative toe kick overlays 1/8" thick with resin coated finish foil.
- Adjustable shelves 5/8" thick for cabinet width up to 27". Wider cabinets receive 3/4" thick shelf. Shelves faced both sides with resin coated finish foil in interior matching color, front edge covered with 0.018" thick composite edgeband.
- Base cabinet shelves adjustable, half cabinet depth.
- Full width drawers and false fronts on all base and sink base cabinets.

AVAILABLE OPTIONS:

- o 3/4" shelves throughout
- o Full depth shelves
- o Field applied finished ends flush with front of doors for inset cabinet look.

DOORS, DRAWER BOXES AND HARDWARE:

- Full overlay, concealed, 107 degree opening hinges, fully adjustable in 6 directions, clip-on.
- Metal drawer box, with 5/8" thick particleboard drawer bottom and back, partial roller wheel extension, white epoxy coated.
- Doors in various RTF colors as well as thermofused laminate with PVC edgebanding from Leedo's color selection.
- 1/16" bumper for a tight reveal between door and cabinet.

AVAILABLE OPTIONS:

- o Soft-close add on devices for hinges
- o Soft-close add on for metal drawer box
- o Five sided 5/8" particleboard drawer box, faced with white resin coated finish foil in interior color; with 1/8" captured drawer bottom
 - Partial extension (Note: Soft-close not available)
 - Full extension fully concealed drawer slide with integrated soft-close

EURO PRODUCT SPECIFICATIONS

STANDARD CABINET DIMENSIONS:

- Base cabinets 34½" high, 24" deep (plus door), 3" increment width, max. 39" wide
- Sink base cabinets 34½" high, 24" deep (plus door), 3" increment width, max. 48" wide
- ADA cabinets 32½" high, 24" deep (plus door), 3" increment width, max. 39" wide
- Vanity cabinets 31½" high or 34½" high, 21" deep (plus door), 3" increment width, max. 39" wide
- Vanity sink combination cabinets 31½" high or 34½" high, 21" deep (plus door), 3" increment width, max. 48" wide
- Tall cabinets 84", 90", 93" and 96" high, 24" or 26" deep, 3" increment width, max. 36" wide
- Wall cabinets 12" deep (plus door), 12" to 42" high in 3" increments, 3" increments width, max. 39" wide
- 4" high, 3" deep integrated toe kick on all base, vanity and tall cabinets
- Standard reveals 4mm between doors of adjacent cabinets, top of base cabinets and between fronts within a cabinet
- 2mm reveal of cabinet doors and drawer front to outside top and bottom of cabinet, except at top of base cabinets

STANDARD CABINET COLORS:

- White interior
- Natural interior
- Exposed bottoms and tops of wall cabinets in interior color with PVC edgebanding in interior color covering exposed bottom edges
- Front edge of cabinet PVC in complimentary color from Leedo standard offering

AVAILABLE OPTIONS:

- o Exposed bottoms of wall cabinets to have exterior color (same as finished ends)

WARRANTY INFORMATION

Thank you for selecting Leedo Cabinetry . Leedo works hard to provide an excellent product at a very competitive price. We guarantee all Leedo products for a period of ONE (1) year from the date of installation to be free of defects in materials and manufacturing. During this period we agree to replace, at no cost to the owner, any portion of our work that is found defective.

While Leedo guarantees all structural aspects of our products for a period of one year, the following exclusions do apply:

- Due to the naturally occurring variations in wood, we do not guarantee uniformity of color, tone or grain pattern; nor do we guarantee that stain or finish colors will be free of minor inconsistencies caused by natural variations in pigments and materials.
- Damage caused by normal wear and tear, abuse, neglect, misuse, alterations, water damage, or other environmental conditions such as exposure to extreme temperatures or humidity.
- Work done by others, including refinishing or removal of cabinets.
- Touch-ups, door and drawer adjustments, or cosmetic work.
- Color changes that may occur due to natural aging of the wood or due to exposure to either natural or artificial light.
- Discoloration or dullness in the finish or wood stain that may occur after exposure to ultraviolet light.

Leedo Manufacturing will make the final determination on any warranty-related items. Should a defect in materials or workmanship occur, excluding those noted above, Leedo maintains the right to repair or replace the product at our discretion.

CABINET CARE GUIDE

A soft cotton cloth dampened with warm water is usually sufficient to clean your cabinets. If more thorough cleaning is required, use on the following cleaning solutions:

- A mixture of dishwashing liquid and warm water.
- A mild all-purpose cleaner. Make sure it does not contain ammonia, silicone, or acid.

Use the mildest cleaning solution on that will successfully clean your cabinets. Stronger products may damage or discolor your cabinet finish and are not recommended.

After cleaning, wipe all surfaces with a clean, damp cloth. Dry immediately, using another soft, clean cloth.

Spills

Clean spills immediately. Prolonged exposure to spills, including food, water or other liquids, or grease spills can cause permanent discoloration or damage to your cabinet's finish.

Cleaning Product to Avoid

- Harsh chemicals including ammonia and bleach.
- Abrasive cleaning products such as tub and sink cleaners scouring powder, scouring pads, or steel wool.
- Sponges or dish clothes. They may contain particles that could scratch your cabinets, or they may contain food and oil residue.
- Solvent-based or petroleum-based products such as mineral spirits, nail-polish removers or paint thinners.
- Silicone-based cleaning, waxing or polishing products.

Regular Dusting

Use a clean, soft, lint-free cotton cloth for regular dusting. Packaged dusting sheets are not required or recommended. Do not use pre-moistened dusting sheets or aerosol products specified for dusting.

Waxing and Polishing

Waxing is not required or recommended. Over time, waxing and polishing compounds may build up on the surface of your cabinets and cause a hazy, streaky or yellowed appearance.
