THERMOFOIL DOOR STYLE

FRAMED CONSTRUCTION / FULL OVERLAY

The simple clean lines of our thermofoil door styles create a clean look that works in almost any design or décor. Our thermofoil door styles are created through an intense heat and pressure bonding process where rigid vinyl is applied to a sculpted fiberboard to provide a uniform and durable finish.

### Features and benefits

- 3D laminate raised panel door style with routed edges
- 5/8" thick melamine-backed doors and drawer fronts
- Solid wood frame finished to match
- Durable and easy to clean
- Full overlay
- Route for glass door option available for wall cabinets.  
Doors prepared for glass do not include glass or glass fasteners
- Hardware is required

### Available in the following colors
